## Community Hall And Palace Theatre In Death Throes

GONE are Gentle's Shoe Store, Sam's Barber Shop, Weir's Novelty Store, The Rite Spot... only the charred skeleton framework of the theatre and the hall remain standing and a few short hours later they too crumbled to the ground. Such was the cost of Coleman's \$116,000 fire on February 16, 1948.

Photo by Gushul Studio, Blairmore Lethbridge Herald Engraving

## CARD OF THANKS

We desire to publicly express thanks and appreciation to the many volunteer fire fighters who took so prominent a part in helping to control and eventually extinguish the most disastrous fire in the community's history.

Had it not been for their heroic efforts during the first three hours of the fire Coleman would undoubtedly have suffered greater fire loss.

Their spirit of goodwill to the community and their practical sympathy in endeavoring as best they could to save as much material loss to the fire victims will long remain in the minds of citizens generally.

Mayor Frank Aboussafy and Councillors

## Dr. Aiello Talks On Rheumatic Fever

Suggest that Lions Clubs of Canada Sponsor National Fund for Research on the Disease.

Dr. Aiello was guest speaker at the Lions club regular super-meeting on Monday evening choosing for his subject "Rheumatic Fever."

Prior to his address the club conducted a few items of business. It was decided that since Coleman no longer possessed a Community hall it was necessary to withdraw the Club's sponsorship of the University Mixed choir which was to appear here in May. Rather than keep the choir out of The Pass it was agreed that Blairmore Lions be approached to sponsor the event.

A small surplus was shown on the recent Drama Festival and the Coleman Players were reported to be ready for Medicine Hat to compete in the provincial finals. Commenting on the locals' chances A. E. Graham remarked that "they were very good indeed."

Dr. Aiello, in opening his address, stated that Polio had its "March of Dimes" thanks to the efforts of the late President Roosevelt, Cancer had its slogan "I in 8" but Rheumatic Fever which received very little publicity was the cause of more invalids and deaths than Polio. He stated that the disease was the cause of from 60,000 to 80,000 deaths in the States each year. The tragedy however lay in the fact that no adequate funds were available for research into the disease.

It struck down children as well as adults and the first 4 months

COLEMAN SCHOOL DISTRICT No. 1216

## JANITOR WANTED

A male janitor is wanted for Cameron School and applications for the position should be in the office of the Secretary by Saturday, February 28th.

Please state experience if any.

G. LEES, Secretary.

## Grands Eliminated From Provincial Play-offs

Legionaires Win 3-1 To Advance in Play-offs.

MEDICINE HAT, Feb. 23 — Coleman Grands, winners of the Western Canada Intermediate hockey championship last season when they defeated Frank German's Notre Dame Hounds in the finals at Vernon, B.C., after dropping the first two games of a best-of-five series, will not be back for a repeat performance this spring.

The fact was established Saturday night when Medicine Hat Legionaires brushed the Crowline crew from the playoff slate by trimming them 3-1 in the second game of a home-and-home total goals series. The two teams had previously battled to a 1-all stalemate at Coleman earlier in the week.

The triumph marked the second obstacle hurdled by Legionaires in their quest for provincial hockey laurels, Shaughnessy Cadillacs having been disposed of in an earlier series.

Although Jimmy Joyce, Bill Fraser, Irvin Frew and Duke Kwamie of Coleman displayed sprits of their former selves when they held "star" ratings in Western Canadian hockey circles in years gone by, they proved no match for the younger and speedier Legionaires over the sixty minutes of play.

Bill Starling opened the scoring for Legionaires in the dying seconds of the first frame when he accepted a pass from Jack Moody. Stan Dorobay peaked a sparkling

(Continued on Page Eight)

## C. C. F. Candidate

—Photo Nelson-Gushul Studio JOHN LLOYD.

C.C.F. candidate for Pincher Creek Crows Nest, is president of the Blairmore Local of the United Mine Workers of America. He taught school prior to starting work in the International mine in Coleman in 1935 and immediately became active in the trade union movement assisting in the organization of the U.M.W.A. there. He has held the offices of president and recording secretary of the Coleman local at various times and was a member of the Coleman miners' hospital board and of the Coleman school board in 1940-41 being chairman of the board during the latter year. He represented the Blairmore Tuxis and Trail Rangers in the Boys' Parliament in 1925.

## Holstead Rink Led Locals Into Jewellery

Six local Rinks Enter Pass Bonspiel at Bellevue; Thirty Four Rinks Entered.

The Holstead rink was setting the pace for the Coleman rinks up to Tuesday evening when play was called to permit holding the annual banquet. This rink had won six against one loss, was the first to enter the jewellery by gaining the four's in the Grand Challenge and the eight's in the Lethbridge Brewery.

Ed. Ledieu's rink had gained the eight's in the Lethbridge Brewery while Hutton and Ford had reached the eight's in the Grand Challenge.

Coleman rinks include Ledieu, Boulton, Hutton, Ford, Kerr, and Holstead. There are 34 rinks entered from the Pass, Fernie, Macleod and Taber.

One of the highlights of the 'spiel to-date was the defeat hung on the Stewart rink from Macleod by Holstead on Monday. Stewart is just fresh from the Lethbridge Shirt Sleeve bonspiel where they won the Grand Aggregate award with twelve wins and two losses.

Maffioli, of Fernie, was undefeated up to Tuesday night's play.

## DISCUSS MAIN STREET LOTS AT UNION MEETING SUNDAY

Wm. J. White, union secretary, when approached regarding the future of the two main street lots owned by the union stated that the question would be discussed at Sunday's union meeting.

It is understood that some miners desire to rebuild the hall while others favor renovating the hospital building when it becomes vacant upon completion of the municipal hospital.

## Three Years Bring Three Disasters

Jan. 19, 1946—Seven Flyers killed in a Dakota plane south of Coleman.

Feb. 14, 1947—Four flyers killed in Anson plane at local air port.

Feb. 17, 1948—\$116,000 fire to Coleman business section.

## Mr. and Mrs. Frank Paterson To Leave Coleman

Purchased Ten Acres Land at South Sloam; Plan on Leaving March 11; Home Sold.

Coleman is to lose Mr. and Mrs. Frank Paterson to South Sloam, B.C. on March 11 thus ending a thirty-four year residence in the community. During the Christmas holidays they visited South Sloam and completed the purchase of ten acres of land and buildings.

Mr. and Mrs. Paterson first came to Coleman in March 1914 after four years of homesteading at Lundbreck. Frank received employment with International driving the electrical lorry along the top of the coke ovens. He remained on this job until 1916 when he enlisted in the 192nd Battalion and went overseas for two years.

Returning to Coleman at war's end he gained employment with Coleman school district 1216 as janitor of Central school and thus started thirty years association with the Board as school janitor. During these thirty years he has built up an enviable reputation as a janitor and on several occasions has earned the plaquid's of school inspectors for the cleanliness he keeps his school. Five years ago Mr. Paterson was given the assignment of janitor to Cameron school and upon making the move he sold his Second street property and purchased property in West Coleman.

His resignation was received by the Board with regret and will take effect March 10, he and Mrs. Paterson making arrangements to leave the following day.

Their home was sold to Mr. and Mrs. Alban Panek, neighbors, soon after they knew that the Patersons had purchased B.C. property and planned on leaving.

Mr. and Mrs. Paterson are enthused at the thought of residing in a more agreeable climate and Frank already visualizes an orchard of fruit trees and a nice flower and vegetable garden. The ten acre plot has eight ready for cultivation and has a number of buildings located on it. There is no modern home and they plan on building a home to their own specifications. Their new home is twelve miles west of Nelson and right on the highway, the bus passing their door every hour.

## SOME COLEMAN TRUCKS IDLE

Coleman truckers who have been on the Blairmore coal haul were noticed Tuesday with idle trucks. While The Journal could get no definite information on the situation it is understood that the trucks are idle for the moment and the future is clouded.

Depreciation on trucks is enormous and truck owners cannot long keep them idle.

## Council In Receipt Of A \$593 Fire-Fighting Bill; To Prosecute Looters; Ashmen Seek \$2 Per Day Boost

Coleman Hardware Given Permission To Erect Temporary Building While Permanent Building Being Built; Radio Car To Visit Here Soon.

The first meeting of the new council was held on Tuesday evening. Mayor Frank Aboussafy and Councillor John Ramsay were welcomed back to office and Councillor Ed. Wood was given a hearty handshake and words of encouragement as he starts his first term in public office. Others present were Councillors Dutil, Jenkins, Lowe and Wilson.

The two young ashmen were present and asked council for a \$2 per day boost bringing their wages up to \$8 per day. Council refused to act immediately on their request and will give it thought until the next meeting when some action will be taken.

A letter was received from the Calgary office of the Dept. of Transport stating that weather conditions had curtailed the radio inspector's work but that he would be in Coleman as soon as possible.

A wire was received from Elliott Shows stating that they accepted council's terms and would be in Coleman June 18-19.

The Fire Chief's report was received dealing with last week's fire. It praised highly a number of firefighters and acknowledged the co-operation received from the mayor and some of the councillors.

A list of firefighters numbering 54 was submitted with a total of 593 hours at \$1 per hour. Detailed examination of the list revealed that a number failed to use a little common sense in their submissions of hours worked. A committee of four was appointed to study the list and rectify it. The committee members were present at the fire and are in a position to know who worked long hours and those who did not.

Letters of thanks were authorized to be sent to all organizations who helped at the fire. A letter of Thanks was authorized to be placed in The Journal directed to all individuals who fought fire.

A number of items of fire fighting equipment was authorized to be purchased.

During the long discussion on the fire Band leader Jim Lowe brought to light the fact that a number of instruments had been stored in the Community hall basement and were now lost. They were not insured.

R. Morris was present to in-

form council that the home west of his residence and owned by the Mrs. Lily Fraser estate was leaning heavily on his home as the result of rotting supports. His own efforts to rectify the matter had failed and he appealed to council for its aid. Building Committee chairman A. Wilson and Police Chief Antle will examine the property and then contact parties administering the estate to have the building placed on its own supports.

Coleman Hardware asked council's permission to erect a temporary frame building in the middle of its two main street lots in order that it might get back into business quickly. The permanent building would be started shortly and it was expected that it would be ready for occupancy by late summer or early fall. The main building would conform to the town's building by-law and would be built the full width of the two lots, the temporary structure being demolished section by section as the main building closed in on it. Permission was granted.

## Veterans' Insurance Act

Certain veterans have now no entitlement to contract for Veterans Insurance under the Veterans Insurance Act. These are the veterans who were discharged prior to the 20th of February, 1945. Veterans who were discharged after that date, still have entitlement to contract for Veterans Insurance up until three years from the date of their discharge.

## Notice To Veterans

Veterans who were discharged after February 20, 1945, still have entitlement to contract for Veterans insurance up until three years from date of discharge.

Coleman Rehabilitation Committee

## Purnell Theatres Buy Main Street Lots

Purnell Theatres announce purchase of the two main street lots formerly owned by Mr. Fred Weir. This purchase give the theatre management three adjoining lots in the one block.

## IMPORTANT NOTICE To Those Who Looted Burnt Out Stores

All persons guilty of looting the burnt out stores last week are hereby requested to return all articles taken from the debris to the Town Office. Those returning articles no later than Saturday, February 28 by 12 noon, will not be prosecuted.

Several names of looters are in my possession. Should they fail to return the stolen goods before the above deadline I will take steps to prosecute them to the full penalty of the law.

WM. ANTLE, Chief of Police.

## WORLD HAPPENINGS

### BRIEFLY TOLD

The British union of Post Office Workers is seeking a reduction in the weight of bags postmen may be required to carry, now limited to 35 pounds.

Otto Praeger, 77, known as "the father of air mail", died recently of a heart ailment at his home in Washington.

In a setting of regal splendor and in the presence of representatives from 27 countries, the Duke of Gloucester inaugurated the first dominion parliament of Ceylon.

Mrs. Rebecca Havers, 107, believed to be the oldest woman in England, has died in a London old folks' home.

The Australian wool clip for the 1947-48 season is expected to bring a record return of \$448 million. The average price has been 48 cents a pound.

The Australian Navy will pay a good-will visit to the United States Pacific naval base of Pearl Harbor after it has received a new aircraft carrier from Britain next June.

Applications have been received already for space at the British Industries Fair, held annually about May in London and Birmingham.

In an effort to strengthen the Metropolitan police force, the age minimum in Britain for recruits has been reduced from 20 to 19.

## HOW AUSTRALIAN FARMS ARE DIVIDED

In the state of Victoria, Australia, the average farm of about 640 acres has about 200 acres kept in bare fallow, 200 acres sown with wheat, 100 acres sown with oats for hay and grain and the rest left to natural grass. Sheep have proved successful in conjunction with wheat. Mixed wheat and sheep farming is common. The sheep use up roughage, keep the fallows clean and add to farm income.

## Germolene OINTMENT

## Brief Sketch Of The Activities Of H. A. Head, Founder And Publisher Of "The Fertile Valley Enterprise"

HENRY A. HEAD, owner and editor of the weekly newspaper "The Fertile Valley Enterprise" published at Conquest, Sask., has disposed of his plant and The Enterprise, which has been published continuously since 1912 now passes out of existence.

Mr. Head began his printing career as a lad when he was "devil" in the office of the Hamilton, Manitoba, "Echo" published at that time by Messrs. Ed. L. Stone and Chas. W. Venables. After a few years in that office he moved to Harris, Sask., in 1911, to accept employment on the staff of the "Herald". In 1912, an election year in Saskatchewan saw a change in the set-up at Harris, and Mr. Head, who at one time had hoped to purchase the plant of "The Herald" saw those plans go glimmering, and in September of that year he accidentally learned that the new village of Conquest, about 30 miles across country from Harris was looking for a printer. He drove to Conquest via horse-and-buggy and by good fortune arrived in Conquest the same night the Board of Trade was meeting. After a discussion with the Board who decided to "back" him in the venture Mr. Head entrained for Winnipeg and there a country lad, still in his teens wandered into a printing equipment wholesale house, to emerge a few hours later with a deal completed to set up a plant at Conquest.

The paper press was damaged in shipment and was held up for repairs but in the early hours of the morning of November 1st, 1912, the first paper was printed.

From that time Mr. Head's round of activities has been a remarkable one. Shortly after opening, he purchased the plant of the Bounty "Advocate" which he incorporated with his own, and later published a second paper—the Ardath "Advocate". Just as things were rounding out into an era of advancement the First War broke out and Mr. Head rented his plant as a going concern and enlisted with the 128th Battalion training at Moose Jaw, Sask. Proceeding overseas he was drafted to France to the 46th Battalion and in November of 1917 was wounded in the right arm at Passendale. Invalided back to England he was later transferred to Forestry Corps and again to the Railway Corps, and was stationed at Purfleet, Essex, when the armistice was signed. Held as an "indispensable" sergeant at records office at Knotty Ash camp near Liverpool he was not able to get back to Canada until late in May, 1919.

Without loss of time and eager to return to the printing business he resumed control of the Enterprise in July. Business boomed but setbacks occurred. Serious breakages made it necessary to purchase a new press, and a typesetting machine. Additional territory was brought into the scope of the paper, so that to make it more embracing the name "Conquest" was dropped from the heading and the community name of "Fertile Valley" was added. Sections for the villages Bounty and Ardath were contracted for. Later a section was added for Milden.

Mr. Head married Miss Doris Shihald, of Ardath, in 1921, and their family consists of three daughters and one son. The eldest daughter, Jean, a qualified stenographer, was a member of the R.C.A.F. (W.D.) signal section, and is now a member of the Alberta Government Telephone executive staff in Edmonton; the second daughter, Mabel, graduated as registered nurse at Grey Nuns' hospital, Regina; the third daughter, Doris, has passed through Saskatchewan Normal and is now teaching at Warman, Sask. Philip, the only son, is at home attending school and showing great interest in sports of all kinds.

Mr. Head carried on all the work single handed during the whole period with the exception of about three years in the late '20s. His community service has been of dynamic and unflinching nature; he was a member of the hockey team for some years; a courier; a member of the baseball team up to the time of enlistment; is a Past D.D. Grand Master of the L.O.O.F.; Past E.R. of the B.P.O. Elks; a Past Master of the Masonic Lodge; for two years a member of the Village council; for 25 years superintendent of the United Sunday School; a member of the United Church board for 39 years; a past President of the local Canadian Legion; a former director of The Fertile Valley Agricultural Society.

## Eskimo Girl Homeseick; To Return In June

FELIXSTOWE, Eng. — Fifteen-year-old Eskimo girl who came to England with Mrs. John Turner, widow of a far northern missionary, is homeseick and will return to the Canadian north in June.

Rebecca will travel to Canada with a group of missionaries. Since she came to England, she has helped Mrs. Turner with her two elder children and a baby born shortly after their arrival here.

Mrs. Turner is the widow of Canon John Turner, who was injured fatally in an Arctic shooting accident last fall. He died in hospital in Winnipeg.

H. A. HEAD

This photo was taken during the First Great War, when Mr. Head held the rank of Sergeant in the Canadian Army.

a motion picture projectionist; Ration Board member; organized the local Red Cross during the past war; and on committees and boards without number; also Victory Loan committee chairman.

The sale of the plant and a "tapering off" of activities was made advisable for health reasons. During the entire management of the Enterprise Mr. Head missed only three issues by reason of ill health. A fire in 1945 almost destroyed the plant but although the loss was heavy no major equipment was ruined.

Mr. Head is not retiring from public life as he will continue in public life as a local postmaster.

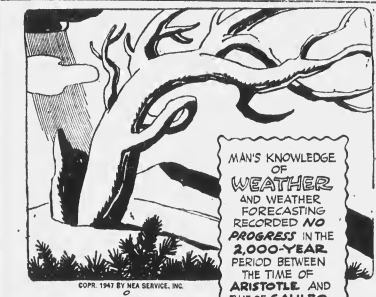

## WORD CHAUFFEUR IS FRENCH FOR STOKER

Collier's says the word "chauffeur" which has become the occupational title of drivers of all kinds of motorcars in the French word for stoker, which was first applied to operators of the early coal-burning automobiles who literally were stokers.

Eleven hundred Methodist ministers in England have barred the word "obey" in marriage ceremonies.

## COYOTES GANG UP TO SLAY DEER WHILE RUNNING ACROSS ICE

CRANBROOK, B.C.—Around a dozen coyotes have fallen to hunters in the immediate vicinity of Cranbrook recently, victims of their own greed. All have been shot on ice, most of them on Moyle Lake. Johnny Bayley, assistant game warden, reported seeing a coyote run down and hamstring a deer on the ice, joined by a second who ripped the deer's throat, then ten others joined to feast on the carcass. The coyotes have evidently discovered the precariousness of deer running on ice, but in addition to the deer slain in the open, many are falling to coyotes in the woods. A carcass is usually cleaned up over night.

Hunters after these predators look for the carcass on the ice, then wait near shore to take a bead on the gorged coyote as it hits for its lair to digest the feast, unable to run fast.

## His Luck Held

PETERBOROUGH, Ont. — After a giant snowplow weighing 32 tons had crossed a bridge on a sidewalk here, it came to another bridge that was too narrow. The driver turned around, and coming to the bridge he had just crossed, noticed the sign: "Gross weight limit: 5 tons." He took the 32 tons safely across again—with his heart in his mouth.

## OUR COMPLETE SHORT STORY—

## HOMEWRECKER NIGHT

By CHARLES DORIAN

NELLIE NORTY had blue eyes and red hair and a peach of a disposition, and she loved playing bridge. Stephen Southy had brown eyes and black curly hair, he had a steady temperament—and he hated playing bridge.

Yet these people were very much in love.

Stephen's father wanted the boy, who was only twenty, to go into politics because he was a good student of political economy and forget the idea of marriage for at least two years. Stephen wanted to get married at once. He had a good job and Nellie could cook, so why not?

"Stephen," Nellie reminded him, "when we are married we will have to play bridge now and then, so I wish you would buckle down and learn the game. Everybody plays." "Everybody?" he questioned. "I've seen some play at it and even in my poor opinion they make an awful mess of it. Now, I wouldn't think of having you read the stuff I like to read, so if you like cards so much, you could go and play 'em while I sit home and smoke my pipe and enjoy my reading."

"But that sort of divides the family," she reasoned. "I'd like to have you with me when I go places. And bridge is interesting—very interesting, when you learn the fine points."

"Well," he surrendered. "Perhaps if I do not succumb to it as a habit, I'll be well advised to learn something about those fine points. And then, of course, the neighbors might like to have a game now and then." In a short time he was studying various sequences and finding the game very intriguing.

And Nellie persuaded him to enter the Homewrecker's Bridge Tournament, sponsored by the Business Men's Association of Cardville.

The rules of the tournament demanded that wives play with husbands, and fiancées with fiancées, with the avowed object of testing their tempers.

Any player, who by any sign or word, betrayed a rising temper was to be fined one dollar. The Association members had a committee to circulate around the tables to keep tabs on all facial and labial expressions.

The Association assumed all expenses as an advertising venture and the prizes were liberal. Twenty-five dollars to the pair having the highest score; five dollars for the lowest.

In addition to these prizes \$100 was offered to the first couple bidding and making a grand slam in no-trump. The committee felt quite safe in making this offer, because they called the Joker prize, because from past experience such a contract was muffed more often than it was fulfilled.

Nellie was thrilled. If anybody could use that hundred dollars, she could. With the rising cost of trousseau habillements she had already ex-

ceeded her budget. Stephen was apathetic. He could do with the money, too, but he knew he would foodle a slam hand if he had one.

It was a gay and friendly party. Fifty tables were in play and tempers were subdued up to the third round. Then one poor fellow got into a 7 no-trump contract and went down two tricks. His wife howled at him and for him and hubby had to dig down for a dollar as her penalty. This produced much good-natured kidding in which the pair participated—postponing final hostilities until they went home.

Things were not going very well with Nellie and Stephen. At the last table they were seated against Stephen's father and mother. Nellie played superbly as usual, making the best of poor cards by clever finesse. Stephen would be glad when the thing was over because of nervous tension.

He picked up the cards to deal the last hand with a sigh of relief. His eyes opened wide as he glanced over his holdings. Excitedly he chirped "seven no-trump."

"Eh?" gasped his dad. Nellie laughed. Mr. Southy groaned.

Dad doubled because his holdings included the K-Q hearts and K-Q clubs, and over his face spread a broad grin. He remarked, generously expanding his massive chest:

"Well, my boy, if your side makes this contract I'll add another hundred dollars to the prize, and you may get married as soon as you like."

Stephen was looking at his cards and breathing heavily. His face turned ashy. He clutched at his throat desperately. Nellie thought he had taken ill. She looked alarmed but forced a smile because two kibitzers were hovering near. His mother exclaimed:

"Stephen, son—what is it? Are you ill?"

"I'm all—!" he choked, "all right." He looked across at Nellie and shook his head ruefully. He had made a terrible blunder. His hand contained thirteen Spades.

Dad toyed for a minute with a decision of what to lead. At last he decided the king of hearts.

"Thank heaven," breathed Mrs. Southy when Nellie dropped it with the ace. Mrs. Southy was all for the marriage. When Nellie's hand was spread in dummy it showed the ace of clubs single along with the single ace of hearts just played—and eleven diamonds to the ace-king-queen. Nellie was wildly embraced by Mrs. Southy and even Mr. Southy seemed pleased.

When the kibitzers vanished he whispered to Stephen:

"You'll have to teach your bride some of the fine points of this game. When you bid seven no-trump she must have known that you hold the ace of spades. With her holding she should have RE-DOUBLED."

(Copyright Wheeler Newspaper Syndicate)

## Manitoba's Dairy Industry Growing

MANITOBA'S dairy industry is growing up. This year the association held its 63rd annual meeting in Winnipeg recently with Wm. Hollingsworth, Kirkfield Park in the chair. He also presided over the annual banquet of which some 700 partook. Manitoba's dairy products in 1947 were valued at \$32,000,000, he said. These consist chiefly of butter, whole milk, ice cream and cheese. Creamery butter production in Manitoba was up seven per cent. over 1946.

Left to right: R. Couture, Winnipeg, secretary and B. L. Reimer, Giroux, president, Manitoba Cheesemakers' Association, and J. A. McMannus, Dominion cheese grader, giving his annual report.

J. J. Collins, Robin, president Manitoba Buttermakers Association, and L. A. Gibson, retired Dairy Commissioner, Winnipeg, who presented the special prizes.

## Western Briefs

SASKATOON, Sask. — Field-Marshal Viscount Alexander, governor-general of Canada, will attend the 12th national convention of the Canadian Legion which opens in Saskatoon May 23. It was announced by Brig.-Gen. Alex. Ross, chairman of the legion convention committee.

CARMAN, Man. — Elie Pierre Major, one of Manitoba's few centenarians, celebrated his 106th birthday on Feb. 15 in this southern Manitoba town.

FILLMORE, Sask. — The Fillmore district is doing its share in contributing antiquated machinery to the North Battleford museum. A threshing outfit owned by Albin Carlberg has been added which includes a Reeves 32-horse power engine bought in 1916, a Shepherd separator, 40-60, 12-bottom Cockshutt and A. Hofmeister has added a set of steel harrows made in Missouri, bought in 1880 and brought to his father's homestead in 1902.

WINNIPEG. — Winnipeg's \$1,000,000 hospital for the aged and infirm now under construction will be called Prince Elizabeth Hospital, Mayor Garnet Coulter announced. It will be the third in the city bearing a royal name. There are already King George and King Edward hospitals.

BRANDON, Man. — Believed to be the first of its species seen as far north as Brandon, a raccoon was killed at the farm home of R. Macpherson, six miles west of here in the Assiniboine valley. The animal was first seen on the doorsteps of the home and later tried to climb in an upstairs window. All attempts to capture the animal alive failed.

VICTORIA. — British Columbia's agricultural production reached \$18,588,777 in 1946, a new record. The provincial agricultural report showed this figure in a report. It is the latest available compilation. The 1945 production was \$102,991,582.

SPRING FASHION  
Bib necklaces will be very important as costume jewelry this spring. Pearls, gold and silver colored metals—highly polished—as favorites.

## THE TILLERS

## GREATER MONTREAL POPULATION 1,320,726

MONTREAL. — The population of Greater Montreal — a group of 15 municipalities including the City of Montreal — was set at 1,320,726 in a report to the Montreal Metropolitan Commission by Ephrem Ebrissos, secretary-treasurer.

## To Press For Completion Of Highway

NELSON, B.C. — Representatives of Alberta and British Columbia chambers of commerce and boards of trade this spring will converge on Nelson to press for completion of the trans-Canada Highway.

Spearheaded by the Lethbridge Chamber of Commerce, the organizations will seek federal aid in the ultimate construction of the trans-Canada Highway through Medicine Hat, Lethbridge, Cranbrook, Nelson and Penticton to the coast.

E. R. McFarland, president of the Lethbridge chamber, suggested the inter-provincial meeting and in talks with members of the Nelson Board of Trade outlined a general plan which would see the chambers and boards combine to present their case as an integral unit.

While the plan is yet in its formative stages, Nelson has been named the meeting centre and other organizations are being advised.

Also present will be representatives of the Alberta and B.C. governments. Likely date of the meeting is the first two weeks of May.

## BLAMES BUSY "PARTY LINE" FOR CAUSE OF DEATH

FORT ERIE. — A telephone "party line" which prevented him from calling for aid in time was blamed by Robert P. Dennis for the death from coal gas fumes of his 20-month-old daughter. Dennis said party line subscribers refused to listen to his frantic pleas and he was unable to get speedy aid.

## Two Alberta Cows are North American Champs

CALGARY.—Two Alberta Holsteins have been named North American champions in their class, it was learned here. They are Swallow Toga Beas, a junior yearling heifer owned by Pickard and Clark, of Acme, Alta., and Highest Pippin Rag Apple, a senior yearling heifer owned by R. C. Briggs, of South Edmonton. Both were named champions at the Toronto Royal Winter Fair last November and had previously topped their classes in the all-Canadian contest sponsored by the Holstein Friesian Association of Canada.

## VANCOUVER-BORN AIRMAN PROMOTED

LONDON. — Vancouver-born Air Commodore P. C. Livingston, a leading expert on night vision, has been promoted to the rank of air vice-marshal, the London Gazette announced. In 1935, he invented the rotating hexagon for testing the sight of night fighter pilots.

In music "adagio pol allegro" means to play slowly, then quickly.

### NOTES AND COMMENTS

#### DAYLIGHT SAVING TIME

"It's to be everyone on daylight saving time or no one on daylight saving," says the Alberta legislature now in session at Edmonton.

The provincial government has acted to prevent the general mix-up which prevailed in the province last year when some cities and towns were on daylight saving and other towns nearby were on mountain standard.

Citizens generally will be in accord with the government's action and thus maintain uniformity throughout the province. If daylight saving is to be inaugurated this year it should be by Federal decree and be nation wide.

#### SHOULD BE FINED

When a town suffers fire loss to the extent that Coleman suffered last week it is only natural that there should have been some mistakes made.

One serious mistake that was made, in our opinion, was the lack of police protection given the burnt out debris. Stock and household effects were in that debris and protection should have been given until the fire victims had a chance to examine it.

Our reason for stating this is because of the following instance. A stove in the Gentile residence was undamaged and therefore would have given service for many years. However when friends went to inspect the stove they found all the stove plates, oven door and reservoir lid had been taken, thus making the stove useless until these parts could be replaced. In

addition the house was ransacked by persons who were bent on carrying everything away that wasn't nailed to the floor.

It is a shame that such looting was permitted to prevail. Rather those first, found guilty of looting should have been dragged into court and prosecuted and the example set would have tended to prevent others from looting.

#### AN AUDITORIUM REQUIRED

If any Civic Centre supporters have any doubt what should be the number one project that doubt will have vanished ere this appears in print. The Community hall is no more and thus the town is without the facilities of a hall large enough to house the cultural activities and the attendant audience which has fast become one of Coleman's community assets.

There appears to be little doubt that the Civic Centre's number one asset will be an auditorium large enough to accommodate varied indoor activities as well as house several hundred people. However the general committee of the Civic group will decide what will be the Centre's policy in this regard. Again until the miners decide what they propose doing with their two main street lots no definite action can be taken by the general committee.

One thing is sure however should the general committee agree on an auditorium, action should be started immediately to draft plans for the building, determine its cost and get to work building and financing it. This town cannot be without a suitable hall for its cultural progress.

#### Dr. Aiello

(Continued from Page 1)

of the year were the prevalent season for this particular disease. He cautioned parents and teachers to be constantly on the alert to detect children who might be suffering from the disease. It was the obscure cases which presented the most difficulty in diagnosis. He listed the following for parents and teachers to be on the watch:

Frequent nose bleed without apparent cause.

Loss of appetite.

Vague abdominal pains.

"Growing pains" which were actually rheumatic pains, these being no such pains as "growing pains" in the young child.

St. Vitus Dance, he stated, was just another manifestation of Rheumatic Fever.

The treatment for the disease to-day was the same as that given seventy years ago, Salicylate tablets which reduced the fever and help reduce the swelling in the joints. The new drugs have failed to show any reaction on the disease.

He remarked that Rheumatic fever often follows a sore throat by about fifteen days. He has made a practice of treating the disease with caution finding that it is much safer to put a child suspected of having the disease to bed for a short time where it would be warm and gain complete rest than allow the child to continue normal activity and then suffer acutely from the disease which often affects the child's heart. Better to be safe than sorry, he remarked.

Coleman had been fortunate in that very few cases had been found here.

He suggested that in order to create a fund with which to study the disease that the Lions Clubs of Canada combine to sponsor a national campaign. The campaign would be two fold, give the disease the publicity it required and give specialists a chance to devote all their time to the disease, its causes and cure without the distraction of inadequate financial help.

In closing the doctor made a strong appeal to his listeners to help in securing blood donors for the Red Cross blood clinic which is to visit Coleman in April. The local hospital had already been supplied with Red Cross blood and plasma and the value of blood banks throughout the province was of inestimable value and should receive the support of all who could donate blood.

## To Press For South Highway Completion

Plans are being laid this time for representatives of Chambers of Commerce and Boards of Trade in Southern Alberta and British Columbia, for a meeting at Nelson in the early spring to press for the completion of the southern trans - Canada highway, which passes through Fernie.

Spearheaded by the Lethbridge Chamber of Commerce, organizations will take up the matter of the highway with a view to obtaining federal aid in the ultimate construction of the Trans-Canada highway through Medicine Hat, Lethbridge, The Pass, Fernie, Cranbrook, Nelson, Penticton, and on to the coast.

#### CAN ANYONE READ GREEK?

Can any Journal reader read the Greek language?

This week Mrs. J. Jackson of Seventh street received a letter written in a foreign language and upon it being brought to The Journal office for examination it was seen that the post mark had the word "Salonica" plainly visible thus giving one the thought that the letter was from Greece.

Mrs. Jackson is of the opinion that some citizen from Saloniki has received some knitted goods which she donated to the Red Cross some months ago and is writing a letter of thanks for the gift.

The letter is at The Journal office and should anyone wish to try and read the letter they are welcome to call at the office.

## PORTABLES

### Now Available!

The Journal has Model 5 Remington Rand portables in stock and students who plan on purchasing their own machines to aid in their typing classes can secure one of these beautiful machines without a moment's delay.

See them at The Journal office to-day.

## Everybody Likes billiards

### A Gentleman's Game

HUNDREDS of thousands play this game every day in Canada. Why? Because Billiards has a thrill that can't be duplicated in any other game. You'll like billiards played with the modern Brunswick equipment in our Recreation Rooms.

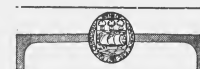

Raffles coming up for discussion were that of a 1948 car and a draw on two return TCA tickets to the west coast plus a cheque.

A committee of three, Bert Bond, Jim Allan Jr. and Joe Malanuk were appointed to study both proposals, determine if a car could be obtained for spring or summer delivery, plan a sales organization and bring back a full report to the Finance committee.

Should the raffles go through as planned it is hoped to make the TCA draw at the carnival the evening prior to the Rodeo and the car draw the night of the Rodeo, July 31. It is felt that with the vacation season still being in full swing the appeal for either prize would be heavy.

The Superb flavor of Maxwell House makes it the most popular of all brands of coffee. It has extra flavor because it contains choice Latin-American coffees.

## What National Employment Service is doing for this Country

1,500,000 jobs were filled through the National Employment Service in twenty-two months—January, 1946, to November, 1947.

421,146 of these jobs were found for veterans.

5,534 more were found for persons in the higher earnings bracket through the Executive and Professional Division of the Service.

26,531 more of these placements were made through the Special Placements Division for physically handicapped workers—

204 for persons totally blind, 825 for persons totally deaf, and 53 for persons handicapped by double amputations.

Make full use of your local office of the National Employment Service.

### - NIGHT JOURNEY -

Mothers rise at dead of night  
In fear of blankets not quite tight  
"I think I heard a sound" they'll say,  
And softly move across the way

To stand by children breathing deep.  
(Now I lay me down to sleep)  
And smooth the rumpled strands of hair ...  
Tonight, when you are watching there

Think on THESE ... on children's faces  
In the bitter, barren places,  
Where those other mothers stay  
In aching vigil, while they pray  
"Not tonight, Lord. Pass him by!"  
(Now I lay me down to die.)  
Can YOU sleep, who hear their cry?

## Remington Portables

### Learn to Type With a Remington Portable

Today, since typing has become the universal method of writing, everyone should learn to type. In the office, knowledge of typing is a definite step towards business success. In the home, all personal writing is more easily and neatly done with a Portable typewriter. For everyone who writes reports, articles or stories, a typewriter is a distinct aid to expressing thoughts more clearly, perhaps more profitably.

Remington Portables are ideal for the beginner who wishes to learn to type speedily and effortlessly. They are ideal, too, for the expert typist who wants a machine with every writing convenience.

See this modern typewriter now and you will make your next Portable a Remington!

## Elks Canadian Save The Children Fund Does Good Work

The Canadian Save the Children Fund reports that during 1947 the Fund purchased and shipped to Europe for distribution to the needy countries over 25 tons of Pablum, 4½ tons of Powdered Milk, 2 tons of Petrolatum Jelly, 1500 lbs. of Cocoa, 1000 lbs. of Hot Chocolate Powder, 9,000 gallons of cod liver oil, approximately \$33,000 worth of new warm clothing including snowsuits, sweaters, wool, also some sheeting and towelling.

In addition, 600 cases of good, used clothing, diapers and shoes have been packed by members of the Toronto Women's Division of the Canadian Save the Children Fund and shipped overseas, together with a donation of 80 babies' bathtubs. These goods have been shipped to the British and Swedish Save the Children Funds for re-distribution to the

most needy countries such as, Yugoslavia, Hungary, Roumania, Austria, Poland, Italy and Germany; and to the Save the Children Fund representative in France where the need is much worse than is generally known. Utmost precaution is taken to ensure that all shipments reach the children, and heartfelt letters of thanks and appreciation are received at headquarters. All this has been made possible through the generosity of individuals, groups, schools, and organizations from coast to coast with the co-operation of radio and press.

The condition of children in the war-devastated countries is still very bad. According to a report received at headquarters of the Canadian Save the Children Fund from the International Union for Child Welfare, infant mortality is abnormally high due to lack of milk and other nutritious food, with the result that one or two deaths occur out of every ten live births. In one country 13% of deaths occur among pre-school children as a result of tuberculosis. Cases of rickets have reached

a degree of severity unknown in Europe in recent years. Dental troubles are increasing. With fats at a minimum, soap is also a luxury and soap as a health measure cannot be underestimated. Everywhere in Europe shoes are a luxury. Rations are so pitifully meagre that it is impossible to give a growing child enough to eat. A child from 10 to 12 years of age receives the same amount as a child of 6.

During the year 1947 Canadian Elksdon contributed an average of over \$1,000.00 a month to The Canadian Save the Children Fund.

## Journals Sold Like Hot Cakes Last Week.

So great was the local demand for copies of The Journal last week that it was necessary to make a record run of 858 copies. The demand for extra copies started Tuesday when phone calls were received asking that extra copies be set aside for various parties. Coleman Pharmacy which

normally sells 70 copies found that number only sufficient for a few hours sales. An additional fifty was supplied and that failed to meet Saturday's demand. Monday morning fifteen more copies, all that were available in The Journal Office, were taken down to the Pharmacy and The Journal staff set about putting the forms back on the press and running off an additional thirty copies.

It is known that copies containing the fire pictures were sent to Britain, Europe, The States and many parts of the Dominion as well as Australia.

One subscriber buying additional copies summed it up in these words: "The pictures of the fire describe better than words what actually did happen to our main street."

## Hockey Chatter

All Coleman entries in the Alberta hockey play-offs have been eliminated from further competition.

Grands, last year's Western Canada champions, lost 3-1 at Medicine Hat on Saturday, the two teams having battled to a 1-1 tie at Coleman last Wednesday. Coleman lost the round 4-2.

Previously Blairmore Midgets had eliminated Coleman Midgets by a 13-10 margin. Blairmore won at home 9-5 while the Coleman club won its home game 5-4.

Playing at Coleman on Saturday Claresholm Juveniles outscored Coleman 10-4. In a return game at Claresholm on Monday Coleman finished on the short end of an 8-3 score and so lost the round 18-7.

As the local hockey season draws to a close, a few exhibition matches remain as well as the A.B.C. hockey league play-offs. Grands are slated to meet Kimberley.

ENJOYED BY MORE families than any other brand of coffee in the world... that's Maxwell House. Because of its extra flavor it's always "Good to the Last Drop!"

## What MAKES a good citizen?

A good citizen respects himself . . .  
and respects the rights of others.

He avoids bigotry and intolerance.

He puts the welfare of his country and his community  
before his own advantage.

He is moderate in his thinking and moderate in his actions.  
He is moderate in his use of luxuries.

The good citizen knows, as The House of Seagram has so  
frequently pointed out, that he has a  
personal responsibility  
to himself, to his family and to his country,  
to be moderate in all things.

Men who Think of Tomorrow

## National Health

WHEN NATIONAL HEALTH WEEK was observed in February, an official of the Health League of Canada suggested that "every week should be a Health Week and that every Canadian should be healthy." The great importance of good health, both to the individual and to the nation cannot be overestimated. Illness is costly to the individual both in personal inconvenience and in money; while a nation with poor standards of health suffers as well from increased expenses in maintaining hospitals and medical services, and in loss in production due to illness among workers. Money spent on health education and on preventative medicine is likely in the long run to prove to be an economy, both in increasing the efficiency of labor and in reducing human suffering.

### Great Enemies Of Mankind

Ignorance, apathy and neglect in matters of health are among the greatest enemies of mankind. Medical science has provided us with the means of preventing many serious diseases, yet there are still some communities where, either through lack of interest, or the lack of proper medical facilities, the health of the people is not protected as it should be. Immunization of children against preventable diseases, the pasteurization of all milk to be sold for human consumption, regular physical examinations and healthful living and working conditions are all measures which are known to raise standards of health and should be available to everyone. Continued attention to health education and steady expansion of medical services would be needed to bring these benefits to all the people and there is no reason why, in Canada, we should not make continued progress in this matter.

### Rural Health Service Asked

At the twelfth annual meeting of the Canadian Federation of Agriculture, held at Brockville, Ont., the question of rural health service was discussed and a resolution was passed demanding that the government set up a national health service which will provide benefits for those living in rural communities as good as those now provided in the cities. It was also suggested that departments of "rural medicine" should be set up in the medical faculties of Canadian universities to train young doctors to work in country districts. In medicine, as in other matters, those who live in rural communities should not be deprived of the benefits they would enjoy if they lived in a city. For some time there has been dissatisfaction with rural medical services in many parts of the country, and it is to be hoped that the demands of the members of the C.F.A. will receive attention. Canada is a growing nation, and it should be realized that high standards of health are important, in building for the future.

### New-Type Wheat Ready For Growers

OTTAWA.—Canada's wheat scientists, whose experiments produced newly-resistant Rescue and rugged Regent and Renown strains for the prairie farmer, came up with a new spring wheat called Cascade, especially developed for growing in eastern Canada.

The agricultural department announced that the new strain developed by the cereal division of the central experimental farm at Ottawa, now is available to farmers. Limited quantities of seed are being offered for next spring's seeding.

Like Rescue which beat the prairie sawfly and rust-resistant Renown, Cascade was developed to serve a special purpose—this time to meet the frequent shortage of soft white wheat for the cake and pastry trade. It has been in the development stage since 1938.

Cascade is a white, semi-hard beardless wheat and resulted from a number of crosses of low-protein yet rust-resistant types. Under exacting tests during the last few years it has proved to be of excellent yielding ability.

### BIRD CALLS IMITATED BY STREET SWEEPER

LONDON.—The Northstead district's early cuckoo has turned out to be Hezekiah Johnson. After several delighted bird lovers reported hearing a cuckoo's call as early as January, Johnson, a street sweeper, confessed to a reporter: "I wait until a crowd gathers at the Northstead bus stop and then I go in the park and do the cuckoo. They all take it in. I used to do the nightingale when I had my teeth in."

### How COLDS affect Your KIDNEYS

The kidneys are very delicate organs, easily affected—especially by a cold. Their duty is to filter impurities and excess acids from the blood. When you have a cold extra work is thrown upon your kidneys. Dodd's Kidney Pills help your kidneys clear your system of excess acids and poisons caused by colds, and give you a chance to shake infection sooner—feel better faster. If you have a cold get and use Dodd's Kidney Pills.

## FUNNY And OTHERWISE

His Heroine: "Do you know, papa can't keep his feet still when he hears music?"

Her Hero (timidly): "Well, please don't play until I get outside."

Dinwiddie: "Glad to hear you have gone back to your wife."  
Bunkwitz: "Yes, the dear girl! I didn't realize how much she meant to me until the judge set the alimony."

The Higginbottoms had just moved to the country from the big city in the same state. Mr. H. wanted to vote in the coming election, so one day he stopped the Town Clerk and asked: "How long must a person reside in this town before he can vote?"

"What ticket?" asked the clerk.

"Poor old Bill, he's workin' hisself to death."

"How's that?"

"Well, e's that short-sighted 'e can't see when the boss ain't lookin'."

Movie Star: "I've decided to demand a new trial."

Interviewer: "But why? You won the case."

Movie Star: "I know, but I'm not satisfied with the publicity."

Into a club walked a member wearing an uncustomed tan on his cheeks. It attracted general attention.

"Hullo, old chap," he was asked, "have you been yachting, or on the moors?"

"No, I took my holiday at home. Our sink faces south."

An American died and went to Heaven, and promptly boasted about his native land.

"Do you know," he told a group of spirits, "that at Niagara Falls eight billion cubic feet of water flows over the cliffs every second."

"Poof!" said Noah, scornfully. "Devdrops!"

"I want something really nice for a present," explained the shopper to the assistant.

"For your husband, madam?" asked the man behind the counter.

"No, from my husband," came the reply, sweetly.

### ENGLISH PILOT GETS SOUVENIR FROM DIEPPE

LONDON.—A piece of silk from a parachute that saved his life has brought back memories to Archie R. Shochott. A former French underground member who helped rescue Shochott when his bomber crashed on his 13th mission sent him the souvenir from Dieppe.

### MONEY FROM TREES

HUDSON BAY.—You can't tell W. D. Bennett that money doesn't come from trees—he knows better. Bennett operates a trapline east of this northeastern Saskatchewan town and found one of his traps had been dragged away. Following the tracks, he finally found the trap up a tree—still holding a large fisher whose pelts was valued at \$100.

Primitive man used stone tools as early as 125,000 B.C. 2765

**SMALL ENOUGH TO ENTER THE KITCHEN**—Lyle Reser, Illinois farmer, is shown with his Hereford steer which, although he will be two years old in May, is only as tall as the yardstick Lyle holds. "Shorty" would be an obvious name for the stubby fellow, but—guess again—he's known as "Toby". Small as he is, Toby has come a long way from his baby days when, at 21 inches in height, he could walk under any cow on the farm and practically had to stand on tiptoes to reach his dinner. Now at nearly 200 pounds the rebellious-natured "Toby" is treated as a pet and has the run of the Reser farm. Owner Reser to date is uncertain of his future plans for "Toby".

### Pipeline From Edmonton To Regina Considered

EDMONTON.—H. H. Hewitson, president of Imperial Oil Limited, announced his company was considering construction in the near future of a \$30,000,000 pipeline to carry crude oil 500 miles southeast from Edmonton to prairie refining centres at Regina and Moose Jaw.

He said company plans for 1948 and 1949 would save Canada at least \$10,000,000 in United States currency.

His announcements included a \$20,000,000 exploratory and development well drilling programme for the Le Duc-Calmor sector of the Edmonton oil field in 1948 and immediate start on erection of a gas gathering system and a \$1,500,000 gas absorption plant for the field. Imperial will drill 100 development wells in the field by the end of the year.

In recent years annual flood losses in the United States have exceeded \$110,000,000.

### Restrictions Lifted On Alaska Road

OTTAWA.—Restrictions on tourist and pleasure travel over the Alaska highway have been removed and permits to travel over the route will no longer be required, Hon. J. A. Glen, resources minister, announced.

The announcement said an increase in travel facilities and accommodation along the 1,523-mile route has made it possible to lift the restrictions. Previously the war-built gravel strip from Dawson Creek, B.C., to Fairbanks, Alaska, was held for military use and permits to travel over it were limited mainly to persons having business reasons for using it. "An important contributing factor" the statement said, "has been the establishment by the Canadian government of public camp grounds at several locations along the Alaska highway in Yukon territory."

About 40 per cent. of all rope made in the United States is used on ships and in related shore activities.

### No Australian Butter For Canada

OTTAWA.—The government has dropped the idea of obtaining butter for Canada this year from New Zealand or Australia, Trade Minister Howe told Commons.

Mr. Howe confirmed reports that Canada had sounded out the Antipodean governments on the possibility of augmenting the Dominion's stocks, but said the proposal had been abandoned when it was found the United Kingdom had heavy requirements in that area.

### CANADIAN EGGS STILL WANTED BY BRITAIN

LONDON.—Britain's egg agreement with Australia, which it is hoped will double the supply of Australian eggs during winter months over the next five years, will not affect egg purchases from Canada, Food Minister John Strachey said.

Strachey told his weekly press conference that Britain would continue to want the maximum quantity of eggs from Canada "as long as we can pay for our supplies."

### TOURIST ATTRACTION Suggests Mounties For Border Points

VANCOUVER.—American tourists are pouring into Canada in greater numbers than ever before, despite adverse publicity in the U.S. and Canadian "austerity" plan.

R. H. Baker, secretary-manager, Greater Vancouver Tourist Association, reported that tourist traffic through border points adjacent to Vancouver had increased 40 per cent. during January.

Mr. Baker also suggested that "mounties" be posted on duty at the main border crossing points. He pointed out that presence of the red coated officers would be a "major tourist attraction."

A warning to auto camp operators in B.C. was given by E. G. Rowbottom, deputy minister of trade and industry, who said that camps not conforming to standards set by the B.C. government travel bureau will be closed.

Shipbuilding was considered such an important occupation in the United States in 1639, that shipbuilders were exempted from military service and other public duties.

**FIREMEN BATTLE BLAZE AS THEIR OWN STATION BURNS**—“Hurry back, your own station is on fire,” was the call to Ottawa, Ont., firemen as they battled a blaze. Here they are seen trying to save their station as flames, said caused by furnace blast, swept through it. Damage was heavy to the old building.

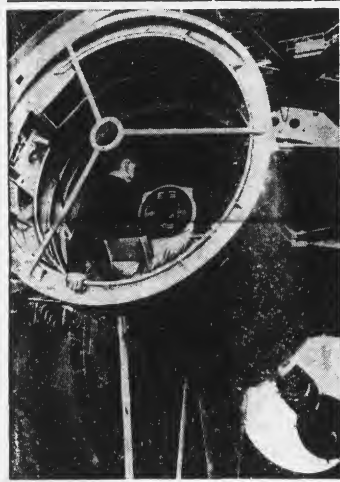

**U.S. SERGEANT WAS INDIAN GENERAL**—Pictured as he arrived in the U.S. is Russell K. Haight, Jr., 25-year-old ex-GI from New York, who served for two months as a brigadier general in the Free Kashmir rebel army. He is seen wearing an Indian turban and in this closeup his sergeant stripes are noticeable, as is the Indian army uniform. He was commander of wild tribal warriors in the snowy mountains of an embattled princely state. He said he is ready, if necessary, to testify that Pakistan supported Mosley tribal invaders of Kashmir. An attempt on his life caused him to leave India.

**DISASTER FOR RHONA**—Rhona Wurtele, considered with her twin sister, Rhoda, to have had a chance in the women's skiing at the Olympics, wound up on a stretcher with chipped ankle after finishing 37th.

**DIVORCE ENDS MARRIAGE**—Divorce is to mark the definite end of the marriage trail for Jane Wyman and Ronald Reagan. The actress, separated from Reagan for some time, sues for divorce. Her attorney said a settlement has been reached on property and the care and custody of the two children. Maureen, seven, and Michael, two.

**GIANT TELESCOPE READY TO VIEW HEAVENS**—Byron Hill, supervisor of construction on the Palomar observatory telescope, is shown coated in the “prime-focus” cage looking down the tube into the huge 200-inch mirror of the gigantic instrument. The hole he is looking through is where the film will be placed to take pictures of the distant planets, stars and other heavenly bodies. This is the first photograph taken of the now nearly completed telescope in its mountain-top home in California. The picture was made as the world's most expensive scientific instrument, the \$6,500,000 observatory, held a press preview.

**FIRE CAUSES \$350,000 DAMAGE**—At Verdun, Ont., a general alarm fire destroyed five buildings and damage is placed at \$350,000. One fireman suffered a broken leg. Ice-coated members of brigade are pictured on the roof.

**TRAGIC SCENE AFTER JAP SHIP DISASTER**—This tragic scene greeted the eyes of a cameraman who arrived on the scene of the sinking of a Japanese ferryboat off Kurijima, Japan, drowning 260 Japanese. The beach scene at Kurijima, where survivors of the ill-fated ferryboat, the “Jyoo Maru”, were brought ashore, were littered with bodies pulled ashore by rescuers. Others saved from the icy waters of the Inland Sea, near Osaka, are seen huddled on the beach. In the distance, marked by an “X”, is the spot of the disaster. The ferry struck a mine and sank with a violent explosion. It was en route on a regular run from Japan's main island of Honshu to the archipelago's southernmost isle of Kyushu when the accident happened. U.S. Far East air forces headquarters in Tokyo term it a “major sea tragedy”. Only 145 occupants of the crowded vessel had been rescued.

**“BOOKMOBILE” FOR ONTARIO COMMUNITY**—Traveling library to serve York township was initiated recently on a two-hour, three stops per day schedule. Bookmobile will carry some 1,500 volumes.

New service is designed to meet the increased demand for libraries and to combat the high costs of constructing permanent buildings. Mary Higgins is a librarian.

**YOUTHS SENTENCED TO DIE**—Norman Gerald Kimby, (centre), and Edwin Farrington, (right), are led from the courtroom at Welland, Ont., after being sentenced to hang on April 28 for the murder of James Bell, 68-year-old resident of Stamford county. Counsel for the two youths said an appeal was being considered. Kimby, 17, was a neighbor of the dead man. Farrington, 20, whose home is in Glendale, Rhode Island, was sheltered by Bell a few days before his body was found. The two were arrested in Turkey, Okla., eight days after the murder.

**STANDING EGGS FORECAST GOOD WEATHER**—It's going to be mild from now on, according to these eggs. Feb. 14 was the first day of Chinese spring, says Winnie Chu, Toronto Chinese, and eggs standing on end mean good weather. This fable, like the occidental one about the groundhog and his shadow, is centuries old among the Chinese.

**RESCUE HOLY OBJECTS AS HISTORIC CHURCH BURNS**—A \$200,000 fire swept the historic St. Francis de Sales church in Smith's Falls, Ont. Valuable and irreplaceable religious figures and paintings were lost, stained glass windows were ruined except for the big one behind the altar. Two-ton bell and tower were saved. With lightning speed the flames spread through the church and only the stone walls and steeple were left. Working in below zero weather, firemen of Smith's Falls, Perth, and from a local factory were still pouring water on the embers 24 hours after the blaze began. Sacraments and vestments were rescued from the inferno.

## LOCAL NEWS

Mrs. Bert Murray returned to Coleman on Sunday after visiting her home at Nqrdegg.

Mrs. Wm. Martland was in Calgary last week where she was the guest of Mr. and Mrs. Leonard Hoyle.

Mrs. R. Ferguson, of Banff, was the recent guest of her son-in-law and daughter, Mr. and Mrs. R. Kwasnie.

Wm. J. White, union secretary, is using the hospital board room at the rear of the surgery as his temporary office.

Miss Gladys Moores, rural school teacher in the High River district, was in town last week visiting friends.

**WANTED TO RENT**—Small furnished apartment or house for young couple. Apply Room 15 Grand Union Hotel.

Mr. E. O. Duke, M.L.A., visited Coleman prior to travelling to Edmonton for the opening of the provincial legislature.

Born: To Mr. and Mrs. J. Graydon at Newsome's Nursing Home on Saturday, February 21, a daughter, Patricia Ann.

Mr. and Mrs. Karl Gejdos travelled to Lethbridge last Thursday to meet friends newly arrived in the city from Czechoslovakia.

Mr. John Salus, of Salus' General store, has purchased the Mercury delivery truck which was on display for a week at Coleman Motors.

Two Pincher Creek curling rinks visited Coleman Wednesday afternoon for a friendly game. Pincher is without a rink, their having collapsed under a heavy load of snow.

Mrs. A. Vornbrock and baby, of Lethbridge, returned home on Saturday afternoon after spending several days holidays with the former's parents, Mr. and Mrs. Tom Rypien.

The Journal acknowledges with thanks renewal subscription received from Mr. Nick Burtmik, of Calgary, and welcomes a new reader, Charles D'Amico, of Nordegg to The Journal columns. Mr. and Mrs. Burtmik wish to express best wishes to all Coleman friends.

The Journal acknowledges with thanks renewal subscription received from Mrs. James Ferguson, of Halifax. Mr. and Mrs. Ferguson and the latter's mother, Mrs. Harold Houghton, join in sending best regards to Coleman friends. They add that it is nice to receive The Journal each week to keep abreast of local activity in the old home town.

Mr. and Mrs. Wm. White returned home Sunday afternoon following a visit with their son, Constable Arthur White, a patient in the University hospital. Arthur does not plan on spending any time at home following his recovery from his illness, being anxious to get his three years assignment in the far north completed before coming home for a well earned holiday.

Mrs. D. Hill and Mrs. F. B. Buch, of Lacombe, are the guests of Mrs. Mary Fraser.

Born: To Mr. and Mrs. F. J. Kligannon at Beverley, E. York, England, on February 4th, a son.

Mrs. Wm. Lonsbury suffered a fractured arm when she slipped on ice at her back door and fell heavily to the ground last Friday.

Mrs. Margaret Wilson, who has been employed as cook at local hospital for the past year, is leaving Saturday for Lethbridge where she will make her home. The members of the hospital staff presented her with a white chenille bedspread on Tuesday afternoon.

## WEDDINGS

### AFTERNOON WEDDING AT BAPTIST CHURCH

Paskuski - Wilson

First Baptist church in Lethbridge was the scene of a wedding Saturday afternoon at 2.30 o'clock. Jan. 31, when Anne C. Wilson, youngest daughter of Mrs. Margaret Wilson and the late Mr. Arthur Wilson was joined in marriage to Alex Paskuski, youngest son of Mr. and Mrs. Alex Paskuski. Rev. G. Ward officiated at the ceremony.

The bride entered the church on the arm of her brother-in-law, Mr. M. R. Venier, who gave her in marriage. She wore a white floor-length dress of dotted swiss trimmed with lace. Her finger-tip veil was caught up in a halo of sweetheart roses, and she carried a colonial bouquet of roses, daffodils and carnations. The bride's attendant was Miss Caroline Trentini, dressed in yellow net with a Juliet cap and carrying a colonial bouquet. Mr. George Sirovay was best man.

Wedding music was played by Miss Elsie Westcott. Ushers were Mr. William Paskuski and Mr. Peter Mack.

A reception was held at the home of the groom's parents where the wedding table was centered with a three-tiered cake flanked by white tapers. Toast to the bride was proposed by the best man, Mr. George Sirovay and the groom responded. Reception assistants were Mrs. J. Paskuski, Mrs. B. Paskuski and Mrs. G. Watmough.

For her honeymoon trip to Calgary, the bride changed to a black wool crepe afternoon two-piece dress. She wore a corsage of sweetheart roses.

Out-of-town guests at the wedding were Mr. and Mrs. M. R. Venier and son Richard, of Bellevue, and Mrs. M. Wilson of Coleman.

The young couple will reside in Lethbridge.

## Grands Eliminated

(Continued from Page 1)

performance when he netted what proved to be the series-winning counter at the 2.33 mark of the sandwich session.

Facing a two-goal deficit on the round, the Grands launched a spirited attack to retrieve the lost ground but the best they could get was a lone goal by Duke Kwasnie at 11.30 in the second stanza.

No further scoring resulted until the 12.27 mark of the closing chapter when Bob Lindsay scored for Legionnaires.

**Lineups**

Coleman—Pow; Joyce, Biegung; Fraser, Kryczka, Kovack, Sube; Kwasnie, Frew Mosel, Boughthead, Hudz, Collings, Antonenko.

Medicine Hat—Cleeve; Brown, Mack; Moody, Smith, Starling. Sube: Dorohoy, Lindsay, Wright, McBeth, Leifert, Crawford.

**Officials**—Geo. Jenkins, Coleman; Ches. Jacobs, Medicine Hat.

**Summary**

First period—1, Medicine Hat, Starling (Moody) 19.42. Penalty:

Kwasnie.

Second period—2, Medicine Hat, Dorohoy (Wright, Lindsay) 2.53; 3, Coleman, Kwasnie (Kryczka) 11.30. Penalties—Joyce, Brown, Moody.

Third period—4, Medicine Hat, Lindsay (Dorohoy, Leifert) 12.27. Penalties—Joyce, Dorohoy, Lindsay.

## RULES IN CASE OF FIRES

1. Familiarize yourself with the location of windows and natural escapes.
2. Learn the position of all stairways, particularly the top landing and scuttle to the roof.
3. Keep the doors of rooms shut.
4. Wet a towel, stuff it in the mouth, breathe through it instead of nose, so as not to inhale smoke.
5. Never get excited, try to recall the means of exit.
6. If room fills with smoke keep close to floor and crawl along by the walls to the window.
7. NEVER go to roof, unless as a last resort and you know there is escape to adjoining buildings.
8. NEVER jump through flames in a building without covering the head with a blanket or heavy clothing.
9. Open windows from the top.
